

Fostering university-enterprise cooperation and entrepreneurship of students via SMART Caffes

SMART is a European project encompassed within the Erasmus + program, within the types of projects is included in the Strategic Partnership projects in the field of Higher Education - Capacity Building.

Aim

The general aim of the project is to increase the employment and self-employment potential of EaPC graduates and improve the innovation capacity of companies through the promotion of entrepreneurship, the creation of companies and the open innovation approach in collaboration between universities and companies.

Expected result

Provide full hardware and software support, training, mentors and networks for the growth of student ideas. It will also improve the educational experience of students in general and prepare them for an active role in the labor market.

Project N° 585620-EPP-1-2017-1-EL-EPPKA2-CBHE-IP (2017-2886/001-001)
